

The Wisdom of Athor

Messages from a Member of the Council of Twelve
on the Etheric Plane of the Star System Sirius

Evelyn Fuqua Ph.D.

A fascinating read which gives much credence to Star Wars and other science fiction sagas except this is NOT Fiction.

Book One answers many questions about the universe and how it works. This information is taken from a newsletter published by Dr. Fuqua for O.M.R.A. (Oakdell Multidimensional Research Association).

Book Two consists of soul readings traced from the time they were birthed by the Godhead to the time the souls made the decision to come to Earth. This ground breaking research is taken from soul readings by Athor, one member of the Council of Twelve on the etheric plane of the star system of Sirius. These readings suggest that there is no conflict between evolution and creationism.
